October 1, 2021

Dear Friends,

Happy Fall!

I hope this newsletter finds you and your family well.

The Career Transitions Center has provided job seekers with vital emotional and professional support during the pandemic without interruption.

Without CTC's professional, emotional and spiritual support, clients would engage in ineffective and prolonged job searches resulting in long-term unemployment, financial crisis, and psychological upheaval. With CTC's support, clients secure meaningful work and again support themselves and their dependents.

In October, we will be open each Wednesday for in-person coaching, peer groups and programs. As the covid rates stabilize, we look forward to adding an additional day each week.

In Fiscal Year 2021, CTC served:

- **240** adult clients
- **80** first-generation, low-income college students

- **330** people who attended 16 virtual public workshops

I am pleased to share this client's testimonial.

With your support, we will continue to provide much needed services to the unemployed people in our community in the weeks and months ahead.

Please continue to refer people in need of work to CTC.

Job search CONTINUES to change.

Our TEAM of dedicated career coaches navigate career transition, smarter!

We offer 3 virtual INFO Sessions in October to share HOW we do this.
