Dear Friends,

**The Career Transitions Center** has provided job seekers with vital emotional and professional support during the pandemic without interruption. We have expanded services to serve vulnerable gig workers and first generation college students.

We have 45 days to finish the fiscal year strong. We need to raise **\$15,000** to fulfill our mission to **Empower Professionals to Find Meaningful Employment.**

The staff, board and volunteer coaches are deeply grateful to each of you for supporting CTC and our motivated job seekers during the pandemic. CTC did secure two loans in Spring 2020 and Winter 2021 from the Paycheck Protection Program (PPP) administered by the Small Business Administration (SBA). The forgivable funds secured provided much needed relief for revenue lost because of the pandemic, such as the cancellation of the Passport to Taste fundraiser.

Over the last 14 months, CTC expanded its existing virtual programming without losing a single day of service to job seekers and serving more youth this year than in prior years. 55 clients have secured career-path jobs and 20 college students have secured internships since the pandemic began. In the infographic below, I am pleased to share with you a third quarter update on our impact on the community.

253 people attended public workshops
